# Competition Mode

## Wakeboard Photo Session Saturday 20. November

The MTOTW Photo Session is a new contest format where a wakeboarder and a photographer need to team up and the goal is to shoot the best picture of the day.

There is going to be 10 invited riders from Spain and all over Europe. Every rider needs it's own photographer.

The Event is going to take place at Doublewake Camp in Gelves, Sevilla.

Each rider has 2 sets of 5 minutes behind the fully loaded Mastercraft X-Star. The photographer will be on the jet ski or in a chase boat. The teams can choose when they want to do their sessions (morning or afternoon scheduled timeframes).

Each Team can submit 1 photo for the voting. The voting will be done by the riders. All the submitted pictures are going to be shown and each rider can rate the pictures from the other teams but not the own picture.

The best Picture will be awarded at the Party that same night at Sala Zeppelin, Herramientas 35, Sevilla Spain.

## Wakeskate Cable Competition Sunday 21. November

The Event is going to take place at Doublewake Cable Park, Parque Allamillo, Sevilla. The Cable will be closed for the public at the day of the competition.

Maximum 15 Wakeskaters. There is only one Division: Open Men.

Every rider gets 3 runs on the Cable. One run means once up and down on the 2-pole cable. During about 1 hour, the cable is running and the riders have time to do their 3 runs.

The format of the competition will be best trick. It will be awarded the best trick on rails, kicker and flatwater.

The riding order goes from the start list. If you fall you r out of that run and swim back to the start dock for you r next run.
